

A background image showing three healthcare professionals (two women and one man) in a meeting, smiling and clapping. The image is overlaid with a blue tint.

ComplySuite™

Powered by D2 Solutions

***STREAMLINE* YOUR  
WORKFLOW, *REDUCE*  
OPERATIONAL BURDEN,  
*GROW* YOUR BUSINESS.**

The holistic compliance management platform enabling compliance teams to manage documentation, allocate responsibilities, and oversee cross-departmental processes within a single system.

---

This conference season,  
D2 Solutions is excited to  
be celebrating *16 years* at:

THE COMPLYSUITE

# HOLISTIC COMPLIANCE MANAGEMENT

Developed by pharmacists for pharmacists, the **ComplySuite®** platform serves as the **single source of truth** that supports accreditation, regulatory, licensing, and other compliance operations across an organization.

One compliance *partner*.

True *ownership & transparency* over compliance processes.

Designed to *meet and exceed audit requirements*.

*Entirely configurable* to support the full spectrum of pharmacy organizations.

## FOUNDED ON EXPERIENCE

D2's internal team of pharmacy leaders and healthcare veterans work each day to support D2's compliance solutions including the ComplySuite, Accreditation Consulting, and Licensing Consulting. As a platform founded on this **shared pharmacy experience** and **empathy for pharmacy teams**, D2 and the ComplySuite provide an unparalleled partnership opportunity that truly lifts operational burden and can meet the unique needs of your organization.

# CONFIDENT ACCREDITATION MANAGEMENT

D2's [AccredComply™](#) technology streamlines first-time and recurring accreditation processes, offering a centralized database for task tracking, reporting, and showcasing organizational excellence.

- **Role-based module** designed for efficient cross-departmental communication.
- Custom, automated reporting **tailored to auditors**.
- Built-in **global accreditation requirement database** supported by D2's pharmacists.
- **Cross-referenced accreditation requirements** that eliminate duplicate work.

"Having D2 as a consultant throughout our reaccreditation process with transitions we've had across our team has ***made reaccreditation possible.***"

**Meagan Fowler** | UAB Director of Specialty Pharmacy Services & Clinic Operations

D2 will be announcing an exciting UX/UI update Summer 2024!

# CONFIDENT REGULATORY ALERT MANAGEMENT

D2's [RegComply™](#) technology enhances audit readiness by **prioritizing the right alerts, directing them to the right people, and documenting action across an organization.**

- Built-in **legislative tracking** allows for planning for and monitoring upcoming regulation.
- **Intelligent triaging**, proactive filtering, organizational preferences, and priority labels ensure time is only spent on the alerts that matter.
- **Custom alert paths** ensure that the right alerts get sent to the right people every time.

“RegComply has been a game-changer for my team’s operations. It has greatly **improved our efficiency and our confidence** in navigating regulatory changes.”

Stephen McGee | SandsRX Chief Compliance Officer

D2 will be announcing an exciting UX/UI update Summer 2024!

LicenseComply

# CONFIDENT LICENSE MANAGEMENT

D2's [LicenseComply™](#) technology streamlines company-wide license management by offering custom visibility into all license statuses and storing crucial license information.

- **Customizable admin dashboards** allow for unlimited users or roles, creating varied levels of visibility company-wide.
- Manage and reference old licenses with **searchable libraries** and **automatic inputs** that ensure consistency over time.
- Monitor **live license statuses**, view renewal dates, and request proofs from custom parties.

“The D2 team is very accessible and accommodating to our needs... Our experience with the partnership has *added much value to what we do and how we do it.*”

Kimberly Triplett, Pharm.D. | UAB Manager of Pharmacy Services, Regulatory Affairs, Accreditations, and Compliance for Ambulatory Pharmacy Operations

D2 will be announcing an exciting UX/UI update Summer 2024!

#### COMPLYSUITE PARTNERSHIP

## ----- *Start* where you need it most.

D2 offers compliance teams **creative contracting and partnership options** tailored to your business and growth strategy. Our agile implementation structures ensure efficiency with any deployment model, allowing you to start with your greatest need and **maximize speed-to-value**. A *ComplySuite partnership* includes:

- **Structured discovery steps** for learning more about your organization, what is most important, and where you need the most support.
- **Personalized deployment model** based on number of locations, operational capacity, accreditation needs, licenses, etc.
- **Aligned payment terms** based on project milestones.
- **Personalized savings** based on volume, consulting support, timelines, etc.
- **Ongoing performance tracking** based on your success goals.

Are you ready to take the next step in your compliance journey?

**ComplySuite® is powered and  
supported by D2 Solutions.**

Increase Efficiency. Minimize Risk. Drive Access.
